OFFICIAL GOVT. TIRE INSPECTORS

TO PREPARE ENGINES FOR WINTER

Antifreeze used last winter and saved for re-use this winter should be tested. In time antifreeze loses its strength and its non-corrosive properties. Nearly all manufacturers of permanent types of antifreeze have made up acid and rust inhibitors for restoring resistance of used antifreeze. In adding this new material, it is wise, the Office of Defense Transportation says, to use the same brand used in the first place.

World series being played this week.

Stonewall

Stonewall, Oct. 5.- Mrs. C. M. Stratton is spending a part of this week with Mrs. J. H. Elder in Richmond.

PUZZLE PICTURE

What's Wrong in This Picture of an Empty Room?

. . . The radio's going, the lights are on, an electric heater is glowing . . . and there's no one listening, no one reading, no one enjoying the warmth of the heater!! It's a room of *waste—and waste won't win the war!!*

But electricity hasn't been rationed, you say. That's right, it hasn't. Isn't there *plenty* of it? Yes, there is.

But when you help save electricity, you help save the manpower, fuel, transportation and materials by which electricity is made. You help shorten the war.

That is why our Government has asked seven major industries —coal, petroleum, transportation, gas, electricity, communications and water—to co-operate for wartime conservation. And that is why you are asked to conserve electricity wherever you can.

No one expects you to gamble good eyesight against bad light, or lock up your appliances, or silence your radio. Go on using electricity for essential purposes. But don't *waste* it. Use what you need—*but need what you use.*

DON'T WASTE ELECTRICITY JUST BECAUSE IT IS NOT RATIONED . . . BE A "CONSERVATION VOLUNTEER"

Virginia Public Service Company

Engagement Announced

Mrs. Emmette Filmore Williams, of Pamplin announces the engagement of her daughter, Jane Alice, of Norfolk, to Charles Vest Wingfield, son of the late Judge and Mrs. J. P. Wingfield, of Charlottesville. The wedding will be at an early date.

Discover New Star That Is Heavier Than the Sun

CHICAGO.—Discovery of a new double star weighing approximately 100 times as much as the sun, or 200 billion billion billion tons, was reported in the Astrophysical Journal by Dr. Daniel M. Popper, instructor in astronomy at the University of Chicago.

He said the report was based on 25 photographs of the star taken with an 82-inch reflecting telescope of the McDonald observatory, Mt. Locke, Texas. The observatory is operated jointly by the University of Chicago and the University of Texas.

Dr. Popper's photographic observations indicate, he said, that the star—designated as RY in the constellation scutum—actually is composed of two stars which revolve about each other in a period of 11 days.

New "A" gasoline books will be issued here next week at office of the War Price and Ration Board.

High school football team plays Farmville here Friday.

Support the War Fund campaign.

IN MEMORIAM

In sad but loving remembrance of our dear wife and mother, Mrs. L. E. Dickerson, who departed this life one year ago today, October 7, 1942.

One year ago she went away,
In answer to God's call.
A debt we all have to pay,
She paid hers first of all.

Oh! Darling, how we miss you,
And your place cannot be filled.
You left a vacancy in our home,
But in memory you are with us still.

RESOLUTIONS OF RESPECT
. . NAOMI HANCOCK

Born November 16th, 1891, died May 7th, 1943. A beloved resident of Appomattox County all her life. She represented in our community and church life the true spirit of her Lord and Master in that she was always seeking to do kindness to her fellow man.

Nothing pleased her more than to take a tray of nice food to her neighbor or a sick person. She also delighted to honor her church by vases of beautiful flowers.

She was for long years an officer of Liberty Sunday School and was always present unless unavoidedly kept away. She served as assistant secretary and librarian of the Sunday School until her death.

Her physical handicap as is often the case seemed to sweeten her spirit and increase her love for others who needed help.

We will often think of her and remember her, but we rejoice in the fact that she is happy with her Savior and believe our loss is her eternal gain.
